Please deactivate any firewalls in your system and make sure that your computer is not configured to establish a modem connection or via proxy to connect to internet. In some cases, it is possible that you may require administrator rights (if you have Windows NT, 2000 or XP) to deactivate or modify your computer configuration.

The level of security for all connections requires that firewall and proxy must be deactivated. Make sure that your computer is set properly in order to use our internet service.

*For exhibit rooms (Gala, Palais, and Promenades) a wireless network card 802.11B is required. If you don't have this card, please note that you will need a wireless bridge (please see above).

If you agree with the terms of this agreement, please return a signed copy and credit card number to your Convention Services Manager.

Please indicate your credit card number for payment: _____ Expiry Date:_____

I authorize the Hotel des Seigneurs Saint-Hyacinthe to charge the internet service by using the above mentioned credit card.
