

**Homestudy Order
Forms**
*Certified Companion Animal
Specialist Program*

Each manual provides comprehensive information on intake exams, housing, environmental needs, nutrition, disease and disorder recognition, breed and species identification, plus much more. Homestudy manuals may be purchased at anytime. Participants are not required to become certified. Those who wish to pursue certification in one or all of the specialties must successfully complete both modules for the chosen speciality. Step 1: An on-site seminar module and take home exam. Step 2: Homestudy workbook module and exam. They may be completed in the order of your choice.
