

# CANINE DISTANCE EDUCATION PROGRAM

## The Evolution in Training for Pet Industry Professionals

PIJAC Canada welcomes you to discover the Canine Distance Education Program, one of six distance education programs to be offered by the association. In an effort to enhance the delivery of the existing Certified Companion Animal Specialist Program, PIJAC Canada has altered the format to ensure unlimited accessibility to the program for all Canadian pet industry businesses. While continuing to focus on Canine care and husbandry, this all-in-one course is available online via the PIJAC Canada website or on CD Rom in both French and English.

The Certified Companion Animal Specialist Program is the only voluntary certification program of its kind available to the Canadian pet industry. The course was developed by veterinarians and pet industry experts to train people who work with pets on a regular basis in the field of proper animal husbandry. The program contains 13 learning modules and one final exam. Participants who successfully complete the exam will earn a Certified Canine Specialist Designation through PIJAC Canada.

### Canine Distance Education Learning Modules

Module 1	Overview of Sources
Module 2	Receiving Puppies
Module 3	Intake Examination
Module 4	Rejection Policies
Module 5	Temperament and Behaviour
Module 6	Consumer Relations
Module 7	Housing

**Canine Specialist Certification**

### Cost of the Program

- PIJAC Canada Members: \$129.60 CDN
- Non Members: \$151.20 CDN

### Coming Soon

The evolution of PIJAC Canada's Certified Companion Animal Specialist Program will continue over the next few years. In the meantime, specialties that have not been converted to the online/CD Rom format will still be available. Future Distance Education Program topics include: Avian, Reptile, Freshwater Fish and Small Animal.

If you have any other questions, please contact: PIJAC Canada (1-800-667-7452)
